EDITORIAL

Our Dear Readers,

We are so happy to publish the new issue of JHSM with valuable new scientific articles. This year JHSM has been completed 5 years since its establishment and we are taking firm steps towards the goals we have set. As we have mentioned before, we are increasingly contributing to the international literature day by day. We are constantly working to raise our scientific bar and to increase the success of our journal by entering valuable international indexes such as SCIEp and PubMed. We would like to thank all the authors who contributed to the strengthening of our journal by sending articles from both domestic and abroad.

Sincerely Yours,

Assoc. Prof. Alpaslan TANOGLU, MD, PhD
Editor-in-Chief
